JOHN SCHRANK IS DECLARED TO BE INSANE ROOSEVELT'S WOULD-BE-ASSASSIN WILL BE COMMITTED TO ASYLUM

BOARD THAT EXAMINED INTO THE MENTAL CONDITION OF DEFENDANT UNANIMOUS IN REACHING VERDICT

(By Associated Press)
MILWAUKEE, Wis., Nov. 19.—John Schrank, who attempted to assassinate Colonel Theodore Roosevelt in this city a few weeks before election, will not face trial on the charge of assault with intent to kill. The lunacy commission appointed by the court to examine as to his sanity, returned a report today, finding that Schrank is insane.

The decision of the board that examined Schrank's mental condition was unanimous and was arrived at after the prisoner had been under observation for a week. Every detail of Schrank's life was carefully looked into and his acts while under observation were closely watched.

The result of the findings of the commission means that Schrank cannot be tried for the crime charged against him, and he will be committed to a hospital for the insane.

BATTLE ROYAL TERMINATES IN POLICE COURT

W. B. SOLLENDER AND MRS. COR-
RANKIE ENGAGE IN BRIEF
DISPUTE

A one round battle at which no moving pictures were taken occurred on Main street about 7:30 o'clock this morning. But few spectators witnessed the bout, and the fortunate few declared the entertainment was very interesting. Fault was found that the end came suddenly.

The participants were W. B. Solender, the pioneer business man of this city and Mrs. Lottie Corrankie, also a pioneer of this city. James J. Degan of the sheriff's office acted as referee and separated the combatants when they engaged in a loving clinch, thereby gaining the ill will of the remaining spectators who were anxious that the bout be continued.

The trouble arose over the recent purchase by Solender of the Clinton house on Central street, adjoining Mrs. Corrankie's home. Solender paid \$200 for an option on the place and was preparing to close the deal when Mrs. Corrankie, it is stated, objected to Solender living in her neighborhood. In words that we described as not being mixed, she waylaid Solender one day and declared herself, Solender, it is stated, said that no lady would resort to such language.

Mrs. Corrankie, it is claimed, paid no attention to the remark and continued the tirade.

Solender requested that she send some man to talk to him.

Mrs. Corrankie declined the invitation and kept on talking, it is alleged.

Later Solender forfeited the money already paid on the place but continued looking after the house for the owner. He purchased a small building in the rear of the Clinton house and Sunday moved it to a new location on upper Main street. After removing the house he prepared to build a coal shed. While engaged in this occupation Mrs. Corrankie, it is stated, started an argument, claiming a portion of the ground that was to be occupied by the shed.

Solender stated that she could have all the ground that belonged to her and invited her to measure off the parcel that she owned. She proceeded to do so, and in the midst of her work, it is stated, she again vented her opinion of Solender.

This morning Solender was in the Richard Mercantile store purchasing several articles. Mrs. Corrankie came in the store and walking up to Solender, started an argument. She claimed, according to the rumors of those who heard the conversation, that she was entitled to more land and that the coal shed would have to be moved. Solender attempted to reason with her, and left the store. He started up the street, and Mrs. Corrankie, it is alleged, took the pace in that direction.

Solender halted. So did Mrs. Corrankie.

Solender retraced his steps and started up the alleyway between the Richard store and the T. & G. meat market. Mrs. Corrankie did likewise.

"If it is just the same to you Mrs. Corrankie, I would rather not walk with you," exclaimed Solender.

NATIONS AGREE TO PEACE

BALKAN STATES ARE AGREE
ABLE TO TRUCE AND WAR
IS ENDED

(By Associated Press)
LONDON, Nov. 19.—The nations of the Balkan confederacy are satisfied with their victory and have signified a willingness to treat at the terms of peace at the request of the vanquished Turkish empire.

The stubborn defense encountered at Tcbatalja and the realization of the enormous slaughter necessary to pierce the fortifications with every prospect that the ranks would be decimated by cholera, were the deciding factors to induce the conquerors to refrain from pressing the victory further. It is believed the terms for peace will be drastic.

Armistice Secured
LONDON, Nov. 19.—An eight hours' armistice has been agreed to between the Bulgarians and Turks at Tcbatalja so that both armies may bury their dead.

BRADY CASE WILL BE TRIED ON THURSDAY

NEW DATE IS SET BY JUDGE AT-
KINSON ON RETURN FROM
OUTSIDE TRIP

Thursday afternoon has been set for the trial of James Brady, charged with sending out false reports as to the conditions of the North Star mine. The trial was originally set for last Friday but owing to the absence of Justice of the Peace H. H. Atkinson, a continuance was taken and yesterday the court set Thursday as the time for hearing the case.

Brady has been at liberty under \$700 bail. The case is somewhat unique for it involves the practice of certain New York brokers in having correspondents in various Nevada mining camps send out news of a certain nature, that an attempt might be made to make the market bullish or bearish as conditions happen to be. In this instance the name of "Brady" was attached to a telegram, and it could be easily surmised that the message came from S. H. Brady, general manager and consulting engineer of the North Star company.

TEMPERATURE REPORT

Highest temperature yesterday, 54; a year ago, 51; lowest, last night, 36; a year ago, 34.

This remark was answered by Mrs. Corrankie, according to Solender, when she reached beneath her clothing and drew forth the stock of a buggy whip. She made a slash at Solender, who declares he threw up his arms to defend himself from the onslaught and at the same time shoved the woman from him. She fell to the ground and Solender fell on top. The woman started to holler for assistance, and in the meantime Solender was sitting on her and endeavoring to protect himself from her fists. Degan responded to the frantic calls for aid and Solender turned the angry woman over to the officer, while he continued his way to his home.

Mrs. Corrankie swore to a warrant during the forenoon, charging Solender with assault and battery. Solender was arrested and brought before Justice of the Peace H. H. Atkinson. He demanded a jury trial and the case will come up in the justice court at 1 o'clock this afternoon. In order to prevent Solender from leaving town and failing to appear to answer the charge he was placed under a \$25 bond, which was furnished.

GUNMEN DECLARED GUILTY MURDER IN FIRST DEGREE

By Associated Press
NEW YORK, Nov. 19.—Gyp the Blood, Lefty Louie, Whitey Lewis and Dago Frank Crofice, the four gun men charged with the murder of Herman Rosenthal at the instance of former Police Lieutenant Becker, were all found guilty of murder in the first degree today by a jury in the supreme court. The verdict was arrived at after deliberating an hour and ten minutes.

Becker, who was tried previously and is now awaiting the execution of the death sentence for being responsible for the murder, is confined in the state prison pending the decision of his case by the court of appeals. The sentence, calling for the death penalty, will be pronounced upon the four defendants later.

When the jury returned its verdict today the prisoners made no move, and a slight paleness that appeared upon the features of all was all that betrayed their realization of the seriousness of the verdict. They were returned to the Tombs to await the pronouncing of sentence by Judge Goff, before whom the men were tried.

JOHN MARTIN DECLARES THAT TONOPAH CAMP WILL EVENTUALLY PROVE TO BE A 'SECOND BUTTE'

"It looks like old times on the desert," said John C. Martin, publicity man of the Southern Pacific land department, yesterday at the Hotel Golden, in an interview reported by the Reno Journal.

"You cannot get away from the conviction that Tonopah is going to be a second Butte," Martin continued. "It's in the air, under the ground and in the banks. Money talks all the time and no other camp in the country is paying such dividends on the capital invested as they are paying in Tonopah. The Belmont, whose stock sold for \$1 a share less than two years ago, is paying \$1 a share annually in dividends, which probably will be increased to \$1.60 before another six months, owing to the success of the new mill which is treating 500 tons daily and saving 96 per cent. This is the greatest extraction ever registered by any silver-gold mine. The little MacNamara mine holds the record for efficiency in mining and milling and the results are such that it is only a question of time when that property will go into the dividend column."

"Strange as it may appear," continued Martin, who is an acknowledged mining authority in southern Nevada, "Tonopah has never had a boom. From the hour of its birth Tonopah has had nothing but hard knocks and yet it is the most substantial camp in Nevada today. This is due to strict attention to business. Material development has brought Tonopah to its present excellence. With a production approximating 11,000 tons a week, a pay roll of \$250,000 a month and a distributing territory including Manhattan, Round Mountain, Lone, Antelope, Reese River and Klondyke, there is no better town in the state today."

"The Tonopah and Goldfield railroad has all the freight traffic it can handle with a regular daily freight train of 35 to 40 cars, three months ago the freight traffic was a negligible quantity. In fact, the freight business of the Tonopah and Goldfield railroad had dwindled to such an extent that the bulk of it was handled last year by passenger trains. Now the business has increased so much that a freight train comprising from 35 to 40 cars leaves Mina every morning at 3 o'clock, and if the existing ratio of increase continues it is not improbable that a double daily freight service will be instituted."

JUDGMENT BY DEFAULT TAKEN ON OLD NOTE

GOLDFIELD ATTORNEY SECURES
JUDGMENT AGAINST HOMER
WILSON OF TONOPAH

Judgment for \$9605.87 and costs was entered by default this morning against Homer Wilson of Tonopah by Attorney Milton M. Detch, appearing for G. E. Armstrong, says the Tribune. Suit was begun in the district court on September 7 and ten days later the papers were served on Wilson in Tonopah by a deputy of Sheriff Malley. No attention was paid to them by the defendant, however.

The action was based on the failure of Wilson to pay two notes issued to G. E. Armstrong in New York in 1907, and which were to be paid at the office of H. B. Clafflin & Co. in New York in three and four months, respectively. The complaint declares that no part of the notes was ever paid.

For quick results try the want ad columns of the Bonanza.

STATE AUTO ASSOCIATION HAS APPOINTED DELEGATE TO ATTEND A. A. A. MEETING IN CHICAGO

The organization of the Nevada State Automobile association was perfected last night at the meeting of that organization held at the brokerage office of H. E. Epstine. The meeting was presided over by C. G. Patrick, president of Goldfield. In conjunction the Tonopah Automobile club also held a meeting.

One of the most important duties transacted was the appointment of C. E. Redmond of Goldfield as a delegate to the annual meeting of the American Automobile association which will be held at Chicago on December 2. On December 4 the American Good Roads association will meet in Cleveland and Redmond will also be the Nevada delegate to that convention. This will be the first time that Nevada has had an official vote in both associations, and will serve to show that the people of this state are awake to the opportunities that will result from the good road movement.

With the perfecting of the organization of the state association, the formalities required for membership in the A. A. A. have been complied with. Some time ago application for membership was made, but it was required that at least three local automobile clubs be formed and have membership in the state association. These three clubs have been formed in Goldfield, Tonopah and Ely. The membership in the national association is expected to be forthcoming within a short time as the board of directors have full power to grant the application.

The officers of the state association have issued invitations to local clubs that may be formed in other counties to join, and it is expected that membership will soon be asked by the organizations that are under way in the eastern and northern counties.

The American Automobile association will play a principal part in the distribution of the \$10,000,000 contributed by the leading auto manufacturers for the construction of a transcontinental automobile route, and now that Nevada has been officially recognized, a good per centage of this amount can be expected to be spent in this state. In the meantime the state and counties through which the road will pass are also required to spend a certain amount in improving and constructing the road and this requirement will be complied with by White Pine, Nye and Esmeralda.

Discussion was had last night as to the placing of sign boards along the road from Ely to California. The sign boards are of the form as adopted by the A. A. A. and will fully inform the traveling autoist that he is on the right road. The Goldfield club has posted a few signs, and it is likely that Tonopah will take up the movement. The signs will be attached to the posts already set out by the county.

Gale Hoag, secretary of the state association, was expected to be in attendance at the meeting, but at the last minute word was received that he was unavoidably detained at Ely and was forced to give up the trip.

THREE PERSONS LOSE LIVES IN LOS ANGELES HOTEL FIRE

(By Associated Press)
LOS ANGELES, Nov. 19.—Three persons lost their lives in a fire which partly destroyed the St. George theatrical hotel shortly after midnight last night. Fourteen were injured and one baby dropped in the flame-swept hallway by a frantic mother will probably die. The dead: Mrs. Charlotte Harrington, whose vaudeville stage name was Ella Moran, was killed by jumping from the sixth floor.

Joseph Martin of Los Angeles, jumped from the sixth floor.

Julius Malone, colored, night engineer.

Mrs. Harrington's baby and Mrs. F. J. Brock of Oakland were the most seriously injured and are expected to die.

The fire is supposed to have started from crossed wires. Many narrow escapes and thrilling rescues were reported.

MAN WITH BOX OF DYNAMITE DRIVES POLICE FROM STATION

(By Associated Press)
LOS ANGELES, Nov. 19.—A mild mannered man, with a box under his arm, walked into the office of the chief of police today and smilingly announced the box contained 86 per cent dynamite and if anyone touched him he would blow up that section of the city. The police station was cleared in a moment and the jail was emptied also, as was the receiving hospital.

For two hours the man sat in the office of the chief. Finally the attention of the dynamiter was distracted. Detective Hosick knocked him senseless with a jimmy and grabbed the box, which was found to contain 75 sticks of dynamite of a low grade, arranged for an explosion.

The identity of the man was later proven to be Albert Davis of Long Beach. The police declare that he is an industrial worker of the world and has been the cause of former trouble. He is being held.

TRAIN ROBBED; BANK DYNAMITED; RAILROAD WRECK

(By Associated Press)
OTTUMWA, Ia., Nov. 19.—Two masked men held up a passenger train on the Chicago, Milwaukee and St. Paul railroad near here last night and secured loot amounting to \$600. They robbed two passengers and two railroad employees and escaped as the train was entering the city.

Bank Looted
BOWLING GREEN, O., Nov. 19.—Robbers who used nitro-glycerin to blow up the safe of the Munn brothers' bank at Potage last night, escaped with \$4000 in cash.

Wreck Kills Six
NORLINA, N. C., Nov. 19.—Six men were killed and six others badly injured in a head-on collision on the Florida-Cuba special and Seaboard Airline railway. All the killed were members of the train crew. The accident is attributed to a confusion of orders.

OLD SOLDIERS' HOME IS
BEING INVESTIGATED
SAWTELLE, Cal., Nov. 19.—The investigation of the national soldiers' home was begun today by a committee from the United States senate.

ABDUCTION CHARGE AGAINST
JACK JOHNSON IS DISMISSED
CHICAGO, Nov. 19.—The charge of having abducted Lucille Cameron against Jack Johnson has been dismissed.

TWO DEFENDANTS IN DYNAMITE CASE LOSE BONDSMEN

ARE PLACED IN JAIL WHEN
BONDSMEN ANNOUNCE THEIR
WITHDRAWAL

(By Associated Press)
INDIANAPOLIS, Nov. 19.—Edward Smythe and James E. Ray of Peoria, Ill., two of the 45 defendants in the dynamite conspiracy trial, were placed in jail today because their bondsmen withdrew from the security on which they had been at liberty. Smythe was former secretary and treasurer of the Peoria Iron Workers' union and was frequently mentioned in McManigal's confession as having assisted in causing the explosions. Ray was former president of the Peoria union.

CONDEMNED MEN GIVEN RESPITE BY GOVERNOR MANN

ALLENS WILL NOT DIE IN ELECTRIC CHAIR UNTIL AFTER
CHRISTMAS

(By Associated Press)
RICHMOND, Va., Nov. 19.—Governor Mann today granted to Floyd and Claude Allen a respite until December 13. They were sentenced to die in the electric chair November 22 for participation in the Hillsville courthouse murders.
